

Husky Stadium

Football Stadium

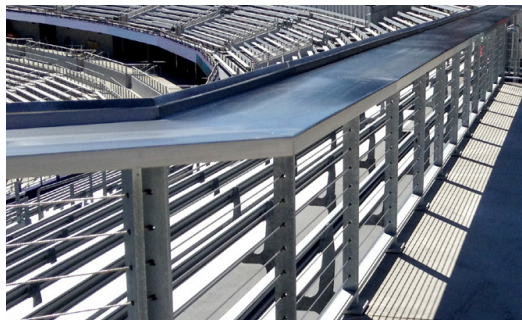

Project: Washington State
Architect: HOK
Completion: July 2013

Location: Seattle, WA
Contractor: Turner Construction

Scope: Sightline Commercial Solutions designed, engineered, manufactured and installed over 30,000 linear feet of railing in the Washington State Husky Football Stadium. Sightline Commercial Solutions provided galvanized steel cable, multi-line and custom mesh railing as well as aisle rails and drink rails throughout the stadium. Custom 12' ornamental gates were also provided at the exterior entrances.
