

# Southwest University Park Ballpark

**Project:** Southwest University Park  
**Architect:** Populous  
**Completion:** April 2015

**Location:** El Paso, TX  
**Contractor:** Hunt | Jordan JV

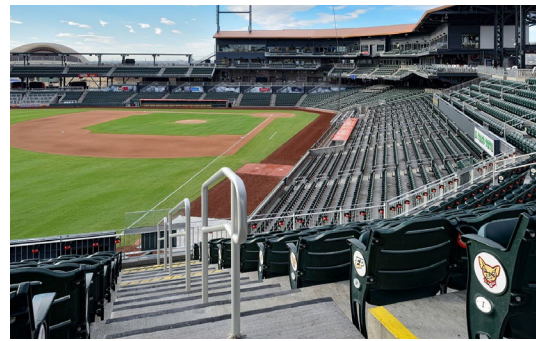

**Scope:** Sightline Commercial Solutions designed, engineered and manufactured 10,000+ linear feet of custom railing for the Triple-A ballpark home of the El Paso Chihuahuas. Anodized aluminum custom picket, mesh and grip railing can be found throughout the facility including the party deck, standing room and berm sections. Track Rail base shoe railing can be found on the balcony overlook and stairs in the Club suite area. Custom aluminum drink rails were utilized throughout the exterior and interior of the ballpark. Custom powder coated steel fencing was also provided around the perimeter of the facility.
